

Home Health Report for preventative maintenance

Ensure the health of your home's plumbing with our Home Health Report. We inspect all the following areas to give you peace of mind:

- Hot Water System
- Water Leaks
- Flexible Hoses
- Water Efficiency
- Gutters and Downpipes
- Water Meter
- Pressure Test

We will then supply a full written and photographic report detailing any problems and how to rectify them. For more details about our Home Health Report visit akinsplumbing.com.au or call **07 3891 7480**
